Spread out Your Heating Payments with Our "NO MORE WORRIES BUDGET"

where you can price cap your oil for the heating season. Call us for details at (610) 434-5195.

Don't pay for heating oil all at once! With Apgar, you can have easy payments throughout the year. Our Price Protection Programs allow you to personalize your oil payments along with receiving the included benefit of automatic oil delivery, preventing you from having to monitor your fuel oil tank.

Monthly Payment Options allow you to spread payments into low, predictable increments.

One-Time Payment Options give you the freedom to pay upfront and receive fuel as you need it.

Delivery Methods are customizable, giving you the freedom to call in or receive automatic deliveries.

We offer a variety of payment plans to fit every home comfort budget. Give our experts a call today at (610) 434-5195; they will be happy to discuss your options!

PAY YOUR BILL ANYTIME

Remember the days when you had to stop in at your fuel supplier's location to pay for your fuel oil deliveries? Then, as technology advanced, phone payments started making waves. Now, we're better than ever with our secure online payment portal, which accepts payments anytime, 24/7!

You can pay your bill in five minutes or less by going to ApgarOil.com and clicking "Pay Bill" on the top right-hand side. Don't worry, your payment information is kept safe and secure!

Gone are the days of inconvenient fuel delivery payments. No more needing to wait until business hours or finding a quiet room to make a phone call. Simply visit our website on your own time and pay your bill in just a few clicks; it has never been simpler!

Boost Efficiency up to 10% with a Tune-Up

In Pennsylvania, the typical home runs a heating system from September through April. That's more than half a year of nonstop heating! In order to keep your heating system running safely and efficiently, be sure to schedule preventative maintenance (a heating tune-up) at least once a year. Here are just a few of the benefits of taking good care of your heating equipment:

- ▶ 10% boosted fuel efficiency
- ▶ Savings on heating oil orders
- ▶ Safe and effective operation
- ▶ Reliable heating all year
- ▶ Reduced risk of breakdowns
- ▶ Unmatched peace of mind
- ▶ Extended equipment lifespan
- ▶ Cleaner, healthier indoor air quality
- ▶ Electronic combustion efficiency test & ultrasonic tank test
- ▶ Added value at the time of tune-up

What are you waiting for?

Give us a call to schedule your tune-up today! (610) 434-5195

Order Fuel from Anywhere

Have you placed your first heating oil order of the year? If not, now's the time! Our online oil ordering system makes things easier than ever. Here's how to request your heating oil delivery to ensure you have enough fuel to keep your home safe and warm as we transition to colder weather:
